#### Itinerary

➤ *Your Private driver with your expert guide picks you up at the Cruise Terminal and start our Architectural Experience. We based this Experience in three historical moments that transformed the city. A panoramic tour that helps us to enjoy the time in Barcelona.*

#### ➤ International Exhibition of 1888: Ciutadella Area

We'll arrive to **Ciutadella Park**. Due the **International Exhibition of 1888** the 'Ciutadella', which until then had been a symbol of Philip V's repression, was recuperated, and Barcelona was portrayed on an international level as a bourgeoisie and industrial city. One of the most remarkable aspects of the Exposition was the architecture, of which we preserve some of the principal testimonies as **The Triumphal Arch** at the entrance to the enclosure,

#### ➤ International Exhibition of 1929: Montjuic Area

We will lead to **Montjuic** mountain, where the **International Exhibition of 1929** was placed. The Exhibition was the motor for the modernization of Barcelona. The **National Palace** was build (actually the National Museum MNAC), the **Venetian Towers** gives the welcome to the place and the emblematic **Magic Fountains** with its great show of music, light and colors.

After this amazing tour, we'll have a soft drink in one of the terraces of the National Museum or in the Miramar Hotel that have an incredible views over the sea.

#### ➤ 1992 Olympic Games: Montjuic and Olympic Village

When Barcelona was chosen as an Olympic city for 1992 began a transformation of the city that would culminate with the opening to the sea recovering neighborhoods, beaches and ports. The city opened to the sea.
